Summary

Successfully completed the required courses, including laboratory courses, seminar, and a final year Project relevant to all aspects of the Oil and Gas industry with a CGPA of 3.07 out of a possible 4.00

Education

Kwame Nkrumah University of Science and Technology

Koforidua, Eastern Region
Graduated December 2018

Bachelor's of Engineering OIL AND GAS

During courses completion at university With above average performance in:- Well logging

Process control & instrumentation

Well completion & work over completions

Well testing

Drilling engineering

Well performance

Production engineering

Element's of Reservoirs simulation

Safety & reliability engineering design

Enhanced oil recovery

Geophysics

Structural geology

Petroleum geology

Principles of management

Principles of entrepreneurship

Engineer in society

With many other Laboratory courses

Employment History

Nigeria National Petroleum Corporation

, Federal Capital Territory

INTERN

March 2016 - August 2016

1. Worked in the Projects & Engineering department .
2. Which was responsible for handling engineering projects and rehabilitation of operations facilities of the NNPC
3. Daily Receive of bids and data entry of bids from contractors
