-

Working Experience:

- **Resonantia Technologies (02/01/2018 To Till Date)**
Resonantia Technologies is the small scale IT company that serves various IT solutions across India. There my role is manual tester and I am responsible for writing test scenarios, test cases and execute it in the QA environment.
- **Yardi Software Solutions Pvt Ltd. (22/08/2018 To 24/12/2018)**
In Yardi my profile was Billing Specialist. I Worked on specialized Billing Software known as Voyager.

- **TATA Business Support Services (TBSS). (04/10/2016 To 12/06/2017)**
TBSS is one of the reputed BPO service providers for TATA group. There I was part of TATA Capital and responsible for loan verification and eligibility checks. Have worked on critical systems and processes.
- **SEVA Automobile (16/11/2005 To 30/10/2007)**
SEVA Automobiles is one of the leading Showroom and Service provider in automobile sector. In SEVA I was part of car insurance team and responsible for back office work including issuing Insurance policies of four wheelers and manage the related data. It includes Generating enquires, Creating Database and follow up to client.
There I created around 30% increase in insurance sales in my department for FY06 and for the same I was awarded as employee of the year.
- **JAK Info-solutions. (01/05/2004 To 15/11/2005)**
JAK Info is a Software company, and also it is a TIN Facilitation Center, For e-filing and IT Returns. They also provide PAN Card & TAN registration services. There I was responsible for e filling & Return acceptance and also to Check PAN Applications. Follow up from NSDL until the registration get to the respective applicant was also the part of my job.
