WORK EXPERIENCE

Company Name: Planet Snaps (September'2018 to present)

About the Company –

Creating floor plans for real estate agents, designers and developers, which are perfect for real estate marketing. 3D floor plans which gives the exact picture of the building interiors giving an idea of the overall layout from the top view and also furnish it in helping the clients to select the best and apt designs for their dream projects. Planet Snaps is one of the best solutions to prepare an interactive floorplan which can be shared online. We design all types of plans within a very short time.

Job Designation – Senior Design Drafter

Job Role -

- I have been involved in drafting the buildings that is, from the buildings that are uploaded in the matterport to the tracing of the same building into the 2D using revit and Autodesk Recap.

- Drafted the hand written scribbles from the paper input to the 2D drawing using the Revit for UK clients for more than 500 plus properties.
- As per the requirement of the client, 3D drawings that is, the interior of the building from the top view are created using online portals.
- The main work was using Floorplanner, where we have given artistic 3D building view (top view by giving a section) for the given input of the clients from Netherlands by providing them with color as well as the interior and exterior components which are in-built in the softwares. I have worked for more than 1000 Netherlands properties using floorplanner.
- Apart from this, I have also worked on the Quick sketch, which is one more online portals where we draft 2D plans.
