Summary

After gaining 5+ years of IT industry experience as software consultant and 2 years of Teaching Experience looking to transition my career as a content writer. My vast experience in education, IT industry and as a freelance Technical trainer and course developer make me appropriate for the job. I am an agile learner, embrace challenges, offer diverse experiences and have a passion and flair for writing.

Experience

Associate Consultant - Pitney Bowes Software, Noida

7-Dec-2015 to 28-Dec-2018

As a Global Professional Services Group at Pitney Bowes my role included building Data Management and Location Intelligence Solutions, developing Master Data Management strategies and single customer view solutions. I worked with presales team to build prototype software for client. As a part of global team, I had to coordinate and work with clients, partners and colleagues across the global. I was also responsible to create, document and impart training to Partners and internal Stakeholders on the internal PB ETL tool.

Software Developer- Wipro Technologies, Greater Noida

25-Mar-2013 to 18-Nov-2015

I wore many hats while at Wipro Technologies. My role not only included software development, but manual testing, Documentation, Research Analysis on latest technologies and open source tools. I learned and trained the team on many tools and technologies including Talend ETL, IBM BPM, Automate BPA.

Online Instructor(Part time)- Edureka

Aug-2015 to July-2016

I took live online training sessions on Talend ETL tool (Data Integration & Big Data) for corporate clients.

Teaching Assistant- Devi Ahilaya VishwaVidhyalaya, Indore

Jul-2010 to Jun-2012

As a teaching assistant my role included conducting lectures, seminars and presentations for students. I also helped the professors in creating study material for students. My responsibility included conducting midterm examinations and internal viva-voce for undergraduate students.

Education

M.E in Information Security, from Devi Ahilya Vishwavidhalaya-Indore with 79.7% in 2012, where my thesis was around "Energy Efficiency in Cloud Data-centers".

B.E. in Information Technology, from Institute of Technology & Management, Gwalior with 71.2% in 2009.

Recognitions

ACE (Ace Company Excellence) award in recognition of outstanding performances and continuing contributions to Pitney Bowes.

Social Responsibility

Volunteer at **DIYA(Divine India Youth Association)**

Teaching English and computers to underprivileged.

Completed diploma in Child Psychology to help early intervention in underprivileged kids.
